P R E F A C E .

It being a conceded fact that literature, and more especially periodical literature, represents in the highest degree a nation's growth, we have, in presenting our fourth annual volume, deemed it a fitting occasion to call attention to some comparisons which may be made between the current literature of to-day and that of one year ago.

The aggregate number of periodical publications in the United States is now 6,432, of which 507 are issued daily, 105 tri-weekly, 110 semi-weekly, 4,750 weekly, 21 bi-weekly, 91 semi-monthly, 685 monthly, 4 bi-monthly, and 55 quarterly. In the Territories we have an aggregate of 87, 18 of which are daily, and in the Dominion of Canada and the British Colonies are issued 403 periodicals of all classes. A year ago the entire number of periodicals in the United States was 5,983, showing an increase of 449, consisting mostly of weekly newspapers. This increase has been largely in the States of the North-west, where new towns are rapidly growing to proportions that render a local paper a desirable acquisition. In the older portions of the country, where the territory is more thickly settled and the periodicals nearly cover the field, there has been less increase in their number, but a decided improvement in the appearance of very many of them. In the Territories we find an increase of 14, and in the Dominion of Canada and Colonies an increase of 21 for the year, making a total augmentation of 484 in the number of publications comprised in the book. The number of daily publications is smaller than one year ago by 74. Florida is the only State which does not issue a daily. Alabama, Nevada and West Virginia each issue one less paper than in 1871. Kentucky loses 2, and Mississippi 4. In Florida, Minnesota and New Hampshire the suspensions have exactly kept pace with the new enterprises. In all the other States gains have been made. Alabama, Kansas, and Kentucky publish 6, 11, and 7 dailies respectively, each having lost 3 in the year. Illinois has 36, Maryland 7, and Wisconsin 14, each having lost 2 dailies, while Connecticut with 16, Georgia with 13, Oregon with 4, and Tennessee with 11, show each a loss of one

daily. Louisiana, Minnesota, Mississippi, Nebraska, Nevada, New Hampshire, North Carolina, Rhode Island and Vermont have each the same number they had in 1871.

Weekly papers are the favorite advertising mediums, and as they obtain comparatively high prices for their space, they are, therefore, the most profitable, except in very large cities.

It is no small task to collect and arrange the facts about all the publications issued in this vast area, and it is next to impossible to produce a book entirely free from faults, therefore we ask publishers and patrons to criticise our errors with a view to correct them, that we with each succeeding issue may keep time with the progress of the vast industry of which we make a yearly record.

EXPLANATIONS.

The statements in relation to circulation of the publications given in this book are made in the following manner:

Where a willingness has been expressed to make oath to circulation, the figures are given in an unqualified manner, thus: "circulation —."

Where no proof is offered by the publishers to substantiate their statement, the word "claims" is prefixed, thus: "claims — circulation."

Where publishers state their circulation, but object to the word "claims," the word "about" is used, as it is in all cases where we have received no statement from the publishers, and have been compelled to estimate the circulation from knowledge obtained through other sources, thus: "circulation about —."

Where no advertisements are taken for a publication, the matter of circulation, being unimportant, has been omitted, and the fact stated thus: "do not insert advertisements."

Where publications are devoted to the (almost) exclusive interests of any particular person or firm, or to the ventilation of any certain idea, or established solely as advertising schemes, embracing a class with circulations almost entirely gratuitous, they are termed "advertising sheets," and no circulation given.

Where *italic* matter follows the description of a publication, it is by order of the publisher, and is paid for as an advertisement.

E. SERRAVALLO

XII.

ADVERTISEMENTS OF NEWSPAPERS.

NINE OUT OF EVERY ELEVEN.

The men of business, who know the value of advertising, will certainly be struck with the statements in the following note sent to us voluntarily by a wide-awake and thoughtful man, who makes a study of the "science" of telling the world what he has got to sell. The statements of Mr. Smith can be relied on:

914 BROADWAY, NEW YORK, November 3, 1871.

MESSRS. J. B. FORD & CO.:

Gentlemen: I am getting at the Science of Advertising.

A few days since I made a calculation upon the results I have attained, and this is what I find: Of the parties who tell how they came to see my advertisement, *nine out of every eleven* name the CHRISTIAN UNION.

I advertise in over fourteen first-class weekly papers, including the —, the —, and the —,* besides many daily papers.

I find that I receive at least three times the benefit from the CHRISTIAN UNION that all the rest of my list combined gives me.

This may be disparaging to other publications; it is, nevertheless, true, as may be seen by any party who desires to examine my papers for himself. You must have a widely-distributed as well as an enormous circulation. I hear of you from all parts of the States and Canada.

Very respectfully,

A. BURDETTE SMITH.

*These papers are first-class, high-priced weeklies, of large circulation. For reasons of delicacy we suppress their names.

THE LARGEST CIRCULATION

OF ALL RELIGIOUS JOURNALS IN AMERICA IS THAT OF THE

Christian Union.

HENRY WARD BEECHER,

Editor.

Considering this fact, and the intelligent character of the class among whom it goes, shrewd Advertisers will certainly be impressed by the above statements. The measure of the extraordinary value of this paper as an advertising medium, which they furnish, will be enhanced by our statement that the 112,000 subscribers to Henry Ward Beecher's paper (who are increasing by thousands every week) are, without exception,—

People who read and think;

People of enterprise and intelligence;

People who are generally well-to-do in the world;

People in all parts of the American Continent, and so of varied wants;

People who are alive to what is new and excellent.

The readers of the CHRISTIAN UNION are such—and among such it best pays to advertise.

Messrs. HARPER BROTHERS, LEE & SHEPARD, and all the leading Publishers; Messrs. JAY COOKE & CO., FISK & HATCH, and all the prominent Financial Agents; Messrs. A. T. STEWART & CO., LORD & TAYLOR, E. RIDLEY & SON, EXOCH MORGAN'S SONS, and other well-known houses, are among our regular advertisers, and have PROVED the value of the paper as a means of reaching their customers.

Handicraft;

A POPULAR JOURNAL OF PROGRESS IN THE INDUSTRIAL ARTS,

Designed for Workers and Thinkers.

EDITED BY JOHN PHIN, LATE EDITOR OF "THE TECHNOLOGIST."

\$1 a Year; Single Numbers, 10 Cents.

This journal is what its title indicates,

A RECORD OF THE INDUSTRIAL PROGRESS OF THE WORLD;

and this in the fullest sense of the term. It contains more and better matter than can be found anywhere else for the price, and while it aims to place in the hands of the Architect, Engineer, Contractor, Builder and Manufacturer, valuable practical information which they cannot obtain anywhere else in a compact form, it also seeks to elevate THE WORKINGMAN, by advocating those great principles of Practical Education, Civil Service Reform, Co-operation, Protection and Labor Reform, upon which the future condition of the workingman must depend.

To Advertisers.

One of the main features of HANDICRAFT is that it gives each month an index to the contents of all the prominent industrial periodicals in this country, Great Britain, France and Germany. This makes it a NECESSITY to every intelligent architect, engineer, contractor, manufacturer and mechanic, as by taking our journal they can see at a glance where to find the description of any new invention or undertaking in which they may be interested. At the same time each number contains much original and valuable matter of a practical kind, so that it is eagerly sought by a large class of general readers. These facts, combined with our very low rates of advertising, render HANDICRAFT one of the best advertising mediums in the country.

ADVERTISING RATES: \$2 50 per inch each insertion. Liberal discounts on increased space and continued advertisements, for which see specimen number, which will be sent free on application to

HARPER'S PERIODICALS.

Harper's Magazine.

CIRCULATION OVER 130,000.

No more delightful travels are printed in the English language than appear perpetually in HARPER'S MAGAZINE. They are read with equal interest and satisfaction by boys of every grade from eighteen to eighty. Its scientific papers, while sufficiently profound to demand the attention of the learned, are yet admirably adapted to the popular understanding, and designed as much to diffuse correct information concerning current scientific discovery as it could be if it was the organ of the "Society for the Diffusion of Useful Knowledge." The great design of HARPER'S is to give correct information and rational amusement to the great masses of the people. There are few intelligent American families in which HARPER'S MAGAZINE would not be an appreciated and highly welcome guest. There is no monthly Magazine an intelligent reading family can less afford to be without. Many Magazines are accumulated. HARPER'S is edited. There is not a Magazine that is printed which shows more intelligent pains expended on its articles and mechanical execution. There is not a cheaper Magazine published. There is not, confessedly, a more popular Magazine in the world.—*New England Homestead.*

Harper's Weekly.

CIRCULATION 160,000.

Originally intended to be a pictorial record of noteworthy events occurring in every part of the world, as well as a popular medium of popular information and amusement, it has become, without losing these features, a very powerful organ of political opinion. Its leading articles on domestic and foreign questions and political events are distinguished by weight of argument and force of style, while never offensive in tone nor transcending the limits of cultivated journalism. The plan on which it is conducted necessitates the reliance upon foreign sources for the illustration of events occurring in Europe and other parts of the Old World, although original sketches, sent from abroad, are frequently engraved for its pages; and some of the best pictures it has given have been from the pencils of American artists. Among these we may mention the powerful political cartoons of Mr. NAST, which, for several years, have been a prominent feature in the paper.—*N. Y. Times.*

Harper's Bazar.

CIRCULATION ABOUT 100,000.

This paper at the outset occupied a place not filled by any American periodical, and won for itself a deserved popularity. It is really the only illustrated chronicle of fashion in the country. Its supplements alone are worth the subscription price of the paper. While fully maintaining its position as a mirror of fashion, it also contains stories, poems, brilliant essays, besides general and personal gossip. The publishers appear to have spared no labor or expense necessary to make the BAZAR the most attractive journal that can possibly be made.—*Boston Saturday Evening Gazette.*

By all means buy HARPER'S BAZAR. Not for yourself, but for your wife, or daughter, or sister, or sweetheart. There never was any paper published that so delighted the heart of woman. Never cost you a new bonnet; it will save you ten times the price in the household economy it teaches.—*Providence Journal.*

TERMS:

HARPER'S MAGAZINE, One Year,	\$4 00	HARPER'S MAGAZINE, HARPER'S WEEKLY, and
HARPER'S WEEKLY,	4 00	HARPER'S BAZAR, to one address, for one year,
HARPER'S BAZAR,	4 00	\$10 00; or any two for \$7 00.

An Extra Copy of either the MAGAZINE, WEEKLY or BAZAR will be supplied gratis for every Club of Five Subscribers at \$4 each, in one remittance; or Six Copies for \$20, without extra copy.

Terms for Advertising in Harper's Periodicals:

The extent and character of the circulation of HARPER'S MAGAZINE, WEEKLY and BAZAR, render them advantageous vehicles for advertising. A limited number of suitable advertisements will be inserted at the following rates:

- Harper's Magazine.**—Whole Page, \$500; Half Page, \$250; Quarter Page, \$150; Page next Reading Matter, \$1,000; Page next Cover, \$1,000; Fourth Cover Page, \$1,500, each insertion.
- Harper's Weekly.**—Outside Page, \$2 50 per line; Inside Pages, \$1 50 per line, each insertion.
- Harper's Bazar.**—\$1 00 per line; Cuts and Display, \$1 25 per line, each insertion.

The Fireside Companion.

The Great Family Paper of America.

This prominence has been gained by the uniform excellence of THE FIRESIDE COMPANION as a literary paper, into the columns of which nothing but the choicest matter is allowed. The Stories, which are all first-class, are in every instance pure in moral tone and intended only for family reading, and are the productions of the foremost novelists of the country.

THE FIRESIDE COMPANION

is unequaled in the variety of its contents—a fact which makes it acceptable to persons of the most opposite tastes.

Every week there is a review of the fashions—a valuable addition to the family circle. The LADY'S ROCKING-CHAIR is a gossipy summing up of current events. Those humorously inclined will be more than satisfied with the exquisite treatment of the element of humor under the head of HUMOROUS DRIET and OUR FUNNY CONTRIBUTORS, while Bricktop depicts the laughable side of men and things. In fact, the amount of fun and laughter contained in these articles are worth, every week, far more than the price of the paper.

No expense or pains are spared to make The Correspondent's Column the most attractive that money or talent can make it. This department is edited by a leading clergyman of Brooklyn, and a vast amount of information is given; answers to questions relating to love and etiquette; legal and medical questions; information for the kitchen and household; in fact, answers to all questions that turn up in life, can be found in this column.

The poetry and sketches are also unrivaled, while the continued stories are as varied, interesting and instructive as the talent of America and Europe can make them. The names of the authors who write regularly for

THE FIRESIDE COMPANION

are acknowledged on all hands to be the best known and most popular in the country. Among them are such names as those of Mrs. SUMNER HAYDEN, CLARA PERCY, LUCY RANDALL COMFORT, MARY GRACE HALPINE, ELIZABETH DUDLEY, J. W. MACKAY, CAIT. CARLTON, DR. PAEON, S. W. PEARSE, G. L. AIKEN, and a host of others. The Reading for Little Folks every week in

THE FIRESIDE COMPANION

is one of the prominent features of the paper. The contributions to this department are by the very foremost writers for children in the country. This alone makes THE FIRESIDE COMPANION invaluable to every household where there are children. We know of instances where the little ones insist upon having these articles read over and over again to them before the paper for the following week is issued.

The excellence of THE FIRESIDE COMPANION is not spasmodic, but uniform, and its contributors are not those of a past generation, but of to-day. Indeed, whether we regard

THE FIRESIDE COMPANION

as to the excellence of its Serials, its Sketches, its Poetry, its Humorous Contributions, its Reading for Little Folks, the purity of its moral tone, or the perfection of its illustrations—which are, by all odds, the best executed of any paper in America—

THE FIRESIDE COMPANION

stands unsurpassed, if even equaled, by a literary paper in any part of the world. Below we give the names of some of the contributors for 1872 to the columns of

THE FIRESIDE COMPANION.

Mrs. SUMNER HAYDEN, (Hattie Hattie),	GRACE MORTIMER,	ROGER STARBUCK,
LUCY RANDALL COMFORT,	ELIZABETH DUDLEY,	BRICKTOP,
MARY GRACE HALPINE,	MAJOR ALMYR,	KENWARD PHILP,
MARY JANE WINES,	MRS. W. C. HOPKINS,	DR. PAEON,
KATIE MAUD ST. JOHN,	J. W. MACKAY,	LESLIE THORNE,
MARIE LOUISE STENTON,	S. W. PEARSE,	P. HAMILTON MYERS,
SHIRLEY BROWN,	CAPTAIN CARLTON,	AUGUSTIN DALY,
	REV. A. MCELROY WYLIE,	GEORGE L. AIKEN.

It will be seen from the above names that none of our contributors for former years have thought it to their interest to transfer themselves to other papers, while we have been adding to the brilliant galaxy every now and then. They, together with ourselves and the public generally, think

THE FIRESIDE COMPANION

the best, most useful and most desirable paper in America.

 REV. ABEL STEVENS, LL. D., }

WITH A SUPERIOR CORPS OF CONTRIBUTORS.

To ADVERTISERS.—It is universally admitted that one of the very best advertising mediums for any respectable business is the RELIGIOUS FAMILY NEWSPAPER. As such

THE METHODIST

takes rank with the first journals of the country, in character, influence and circulation. It represents the progressive and intelligent element of the largest Christian denomination of the United States—a Church numbering over nine thousand regular ministers, and nearly a million and a half of members; it goes to more than five thousand post-offices, and has probably a hundred thousand readers.

It is taken by the leading men of the denomination in all the great centres, and in the larger towns and villages, where it is read by prominent merchants, manufacturers and bankers, and reaches the most intelligent and progressive farmers and mechanics in the rural districts, and 4,000 clergymen of various denominations. Its circulation is truly national, as it includes every State and Territory of the Union, and extends to the British Provinces.

ADVERTISING RATES—(NONPAREIL).

One time 30 cents per line. Two times, or over, 27 cents per line, each time. Five times or over, 25 cents per line, each time. Thirteen times (three months), 22 cents per line, each time. Twenty-six times (six months), 20 cents per line, each time. One year, 18 cents per line, each time.

The Galaxy Magazine,

ONE OF THE BEST ADVERTISING MEDIUMS IN THIS COUNTRY.

SHELDON & CO., Publishers

UNDER THE GRAND CENTRAL HOTEL, NEW YORK.

The circulation of **The Galaxy** has advanced 500 per cent. The price of advertising has advanced only about twenty-five per cent. Our advertising rates were fixed in August, 1868, after **THE GALAXY** had been published over two years. The actual circulation of **THE GALAXY** is now between four and five times what it was then. A full page of advertising in the most prominent place in **THE GALAXY** (where it cannot fail to be seen) will cost less than half the bare expense for postage stamps required to send circulars to the same number of persons to whom we monthly send **THE GALAXY**.

What business man does not believe that it pays to send out circulars to well-selected names? Yet, besides costing more than double for mere postage on the circulars, who can obtain without the greatest labor so large a number of choice names? The people who take and read a first-class literary magazine are among the most desirable to reach; yet after all this is done, the circular is read by one person only; each copy of **THE GALAXY** is seen by several. The cost of paper, printing, envelopes, and labor make it ten times as expensive to send people circulars as is advertising in a first-class magazine.

The Prices of Advertising in THE GALAXY are Less, in Proportion to Circulation, than any other Literary Magazine.

THE REASON WHY.

The following article from the RURAL NEW-YORKER of February 3, 1872, contains a cogent reason for the above “New Departure” in regard to our Advertising Rates:

“The RURAL'S circulation has rapidly increased during the past month. Our Chief in the Mailing Department reports that we have already nearly as many subscribers for 1872 as we had at the close of last year. Considering that a great majority of our subscriptions expire with the year, this is remarkable—unprecedented, certainly, in the history of the RURAL NEW-YORKER. It proves that the RURAL'S ‘New Departure’ is popular, and that our agent-friends, all over the continent, are active and influential. Indeed, their efforts and remittances are augmenting rather than diminishing, as usual at this season. Thanks to all friends, everywhere!

“If our circulation continues to increase, in accordance with present facts and indications, we shall feel constrained to advance our Advertising Rates on or before the first of April.”

O NOVO MUNDO

PERIÓDICO ILUSTRADO DO PROGRESSO DA ERAE.

AN ILLUSTRATED PAPER IN THE PORTUGUESE LANGUAGE.

PUBLISHED MONTHLY IN NEW YORK, ON THE EVE OF THE SAILING OF THE REGULAR MONTHLY PACKETS OF ST. THOMAS, A BRAZIL LINE.

This Paper Circulates Principally in Brazil.

"It is one of the handsomest papers published, its illustrations being fine, large and exquisitely printed."—*The Boston Post*.

"O NOVO MUNDO continues to deserve the highest commendation. Its influence cannot fail to be in the highest degree salutary in promoting a kindly intercourse with Brazil, by making its people acquainted with the resources and progress of the United States."—*The Evening Post, N. Y.*

"The illustrated Portuguese paper, O NOVO MUNDO, which is published monthly for dissemination in South America, is doing exceedingly good work. Its selections of illustrations are admirable, and it has the mission in its reading matter of increasing the knowledge of this Con-

tinental, and cultivating friendly relations between us and Brazil."—*The Evening Mail, N. Y.*

"We must pronounce O NOVO MUNDO a very respectable enterprise, abreast of the times, and ably edited. That it will be a valuable medium for spreading still further knowledge in Brazil of the products of American invention and skill, already so popular there, we have no doubt."—*The Nation, N. Y.*

"Without being asked, we venture to recommend, as we have done already more than once, O NOVO MUNDO, the illustrated Portuguese (Brazilian) newspaper, whose office is in the *Times* building. It has, by the way, entered upon its second year. Its editorial articles are numerous, thoughtful, enlightened, and in the best sense of the term religious."—*The Nation, N. Y.*

Business men desirous of introducing their wares to Brazil, will find O NOVO MUNDO the most desirable Advertising Medium.

Advertisements are received at the lowest rates, through Messrs. GEO. P. ROWELL & Co. Address, **J. C. RODRIGUES, Editor & Proprietor "O Novo Mundo,"** Rooms 22 and 23, N. Y. Times Building, N. Y.

La America Ilustrada.

AN ILLUSTRATED JOURNAL IN THE SPANISH LANGUAGE.

PUBLISHED SEMI-MONTHLY, ON THE EVE OF THE SAILING OF THE REGULAR SOUTH AMERICAN PACKETS.

"LA AMERICA ILUSTRADA is the name of a new illustrated paper published by J. C. Rodrigues & Co., New York. It is published in the Spanish language, semi-monthly, on the eve of the sailing of the South American packets, for circulation in the Spanish-speaking countries to the south of us. The second number has just been issued, containing fine engravings and excellent reading that cannot fail to make it a popular success. It compares favorably with any of our American productions."—*The Boston Post*.

"LA AMERICA ILUSTRADA is the title of an illustrated Spanish journal published in New York. The first number is before us, and we must confess that for richness and variety of engravings, typographical neatness and general appearance, it surpasses any of the illustrated Eastern weeklies published in English. The tropical and Oriental artistic sketches have great warmth and life-like power. As a literary journal, LA AMERICA ILUSTRADA takes high rank. Among its special contributors are such eminent Spanish-American writers as Senora Juana Manso, member of the Committee of Public Instruction of Buenos Ayres—a noble woman, whose labors have been incessant in the cause of popular education; Hon. Antonio Flores, Minister of Ecuador in Washington; Professor Mantilla, of New York University; Don Jose Antonio Calcano, a member of the Spanish Academy, and the most distinguished of South American poets. Other writers of no less distinction contribute to its columns. This new journal covers the fields of literature, philosophy, politics, education, arts, science and commerce, and has for its special object the diffusion among Latin-Americans of those political and

social principles which have raised the United States to its actual splendor.' Not only Spanish-Americans, but every person speaking the rich, beautiful and vigorous Spanish language, will find LA AMERICA ILUSTRADA a fountain of intellectual wealth and artistic beauty. Published by J. C. Rodrigues & Co., New York."—*San Francisco News Letter*.

"Perhaps the most elegantly printed newspapers in America are O NOVO MUNDO, a Portuguese illustrated monthly, published by J. C. Rodrigues & Co., New York, for the Brazilian public, as well as for readers of Portuguese here; and a Spanish semi-monthly, LA AMERICA ILUSTRADA, of the same size and general character, and published by the same firm, for the Spanish-speaking Americans. Both use the plates of engravings designed for European and American illustrated papers; for instance, THE NEW WORLD of February 23, has the fine portrait of Charles Sumner that appeared originally in *Every Saturday*, as well as a larger portrait of the Brazilian Viscount Itaboraity; and ILLUSTRATED AMERICA, of February 29, has an English head of Gladstone and an American one of Bryant. The editorial contents of both papers are more than respectable, and in the Spanish one much space is given to poetry and literature. We notice there a paper on the famous romance of chivalry, 'Tirante, the White,' ironically complimented by Cervantes. The Spanish journal contains also a letter from Donna Juana Manso, at Buenos Ayres, and verses by two Cuban poets and a Venezuelan. The Portuguese journal (Brazilian rather), gives much space to the quarrel between England and the United States."—*Springfield Republican*.

The Age,

THE LEADING PAPER IN PENNSYLVANIA.

PUBLISHED DAILY AND WEEKLY.

THE ONLY DEMOCRATIC MORNING JOURNAL IN PHILADELPHIA.

The attention of Merchants and others who desire to sell their goods, is called to the advantages presented by this paper as an advertising medium. The combined mail lists of the **Daily** and **Weekly Age**, in the States of Pennsylvania, New Jersey, Delaware, Maryland and Virginia, are larger than those of any other paper published in Philadelphia. It is taken by thousands of persons who read no other city paper, and can be reached in no other way.

All cards are conspicuously inserted and distinctly classified, while in the case of the **Weekly Age** the space set apart for advertisements is strictly limited to two columns, and its entire contents are always thoroughly read.

The **Rates of Advertising** are reasonable, and such as are fully justified by a large and widely extended circulation. Every advertiser, therefore, who wishes to expend his money judiciously, should see that his place of business and the goods he has for sale are published in the **Daily and Weekly Age**.

The ground plan covers an area of about 15,260 square feet, which is more than one-third of an acre; and the buildings are thought to be the most beautiful, both inside and outside the city. The printing machines and folding machines used in the publication of the **Ledger**, print and fold **45,000** an hour, and they are all worked to their fullest capacity.

The white paper consumed every day weighs nearly three tons, and the manufacture of this paper, at the mill owned by the establishment, requires the daily transportation of nearly fourteen tons of raw materials. The various departments of the

The daily edition of the paper (over **80,000**) is believed to be the largest in the United States, and every issue of it is read by not less than **400,000** people.

Where the brilliant and beautiful pictorial show work is done that is now so extensively known through the country, and seen upon the walls of every city and town East, West, North, and South. THE PUBLIC LEDGER BUILDINGS,

YOU WILL CONSULT YOUR OWN INTERESTS BY CAREFULLY READING THE FOLLOWING PLAIN FACTS, SHOWING WHY

Peters' Musical Monthly

IS A GOOD ADVERTISING MEDIUM.

We have no hesitation in pronouncing our MONTHLY superior to all other magazines as an advertising medium, for the following plain and unbiased reasons:

It has a larger circulation than most of the leading Literary Magazines.

It circulates in every State and County in the country.

Every 10,000 copies that we circulate of PETERS' MUSICAL MONTHLY offers a better field to advertisers than 50,000 circulation of any other magazine.

BECAUSE

Peters' Musical Monthly is never burnt up, torn up, or laid aside in some dark corner, like all other magazines.

ON THE CONTRARY,

It is invariably preserved for its Music—some \$5 worth in every number—and, unlike all other pamphlets, it finds its resting place in the parlor, where it remains for years, to be seen and looked at by every friend of the family.

It never leaves the Parlor unless it is loaned to some friend after the subscriber has learned the music by heart, and in this way it often passes through an entire village, but always as a parlor ornament.

Peters' Musical Monthly is always kept on the Piano, where it is seen and read by everybody. It is called into play at every family gathering, sociable party, etc.; and it is safe to say that at least

ONE MILLION OF PEOPLE SEE EVERY ISSUE.

which is more than can be said of any other two or three periodicals.

It always goes home to the family, and is used over and over every day and week for months and months; and though it may be a

January issue, it is handled and used during the following December, side by side with that issue, which can be said of no other periodical.

It circulates among a class of people who can afford to buy whatever they see advertised—should it be something new, they want it—if it is an improvement on something they have, they are able and willing to discard the old and get the new article.

An Advertisement in Peters' Musical Monthly will bring you in returns for many months and years after the date of its insertion. It is a standing card, which can only be destroyed by the burning of the house or other accidental causes.

Half of those who see an advertisement are not prepared just at that time to buy what they see advertised. When they are prepared to buy, they are unable to lay their hands on the advertiser's card—the paper or magazine having been destroyed. Advertisers in PETERS' MUSICAL MONTHLY never lose a customer from such a cause, as they always have the name before them.

An advertisement is not seen in a newspaper of 200,000 circulation by one out of every two hundred readers. It is taken up in a hurry, glanced over for the news, and cast aside to be burnt up—whereas PETERS' MUSICAL MONTHLY is picked up hundreds of times, and nothing in it escapes notice. In fact, it is impossible for any advertisement to be overlooked.

It is neatly bound in a convenient form, rendering all after binding unnecessary, so that the advertisements are never thrown away, but preserved to protect the music from becoming soiled.

An advertiser in PETERS' MUSICAL MONTHLY will have the confidence of our subscribers, as we are known to admit nothing but first-class advertisements, our house being one of the oldest in the country—established in 1829.

WHAT FOUR ADVERTISERS SAY

OF THE

Travelers' Journal,

OF HARTFORD, CONN.

HARTFORD, June 15, 1871.

Mr. Joseph H. Barnum:

Mr. Joseph H. Barnum:

DEAR SIR—We take this method of informing you that the advertising of the Roper Sporting Shot Gun in your paper, circulated on the cars, has resulted in sales that we are able to trace direct to the JOURNAL. And further, we are happy to say that we have filled and estimated on several orders for the Sewing Machine Shuttles manufactured by this Company, which we have every reason to believe came from our advertisement of "Shuttles" in your paper. These sales have been made to parties in different parts of the United States as well as in the Canadas and our own State.

DEAR SIR—Having entertained some doubts as to the expediency of advertising in your paper, the TRAVELERS' JOURNAL, we were induced to give it a trial; and believing that you would be gratified at receiving an acknowledgment of the benefits we have derived in so short a time, we would inform you that the paper you circulate daily on the cars has increased our merchandise during the past two weeks to a trifle over Five Hundred Dollars. Two of George Woods & Co's Organs were included in these sales. We consider your TRAVELERS' JOURNAL an excellent advertising medium.

Yours truly,

ROPER SPORTING ARMS CO.,
C. E. BILLINGS, President.

Yours, very truly,

ROSE & MITCHELL.

HARTFORD, July 27, 1871.

Mr. J. H. Barnum:

Mr. Joseph H. Barnum:

DEAR SIR—I have found by advertising in your TRAVELERS' JOURNAL, for the past two years, great advantages in disposing of the Waltham Watches, especially in my wholesale department, as well as to miscellaneous buyers. I find that your paper is very regularly distributed on the cars every morning between Berlin station and this city, and elsewhere, and regard it as an excellent medium for advertising generally.

DEAR SIR—As we do not always see direct returns from moneys expended in advertising, it affords me pleasure to acknowledge that last Tuesday, June 6th, 1871, a customer appeared in our store with your paper—the TRAVELERS' JOURNAL—in her hand, saying she "was a stranger in the city, and had come to see our stock, as advertised in your paper, that was distributed on the cars, and really she thought it a good way to advertise!" And allow me to add that I am of the same opinion, as the stranger bought two hundred dollars' worth of millinery goods, and I have, doubtless, secured her as a permanent customer.

Yours truly,

GEO. W. FORD, Special Agent,
395 Main Street.

The New Orleans German Gazette.

The undersigned, Proprietor of the "German Gazette," published daily and weekly, begs leave to call your attention to the great advantages offered to merchants, mechanics, and business men in general, by availing themselves of the columns of his paper for advertising purposes.

Every business man of experience is aware of the enormous benefits derived from an advertisement published in a newspaper of large circulation.

The German Gazette is now in its twenty-third year of prosperous existence, and has a "far larger circulation than any other German publication throughout the South." It is read in every German household, consulted by every business man of that nationality in this city and all over the South, especially in Louisiana, Texas, Mississippi and Alabama.

It is well known that numerous German merchants and mechanics are scattered throughout the country, who naturally look to a newspaper published in their native tongue for information relating to their business necessities. The Gazette is therefore an advertising medium suited to the interests of every business man.

THE QUEBEC GAZETTE,

A Political, Commercial and Advertising Journal.

The oldest paper in Canada, having been first published on the 21st June, 1764 (five years after the taking of Quebec). In every respect a thorough British organ; and, as an advertising medium, it possesses very many advantages. \$2 per annum. Published every Monday, Wednesday and Friday, by

The Spectator,

AN AMERICAN REVIEW OF INSURANCE,

PUBLISHED MONTHLY.

The Spectator is the most widely circulated and influential review of Insurance published in the world. As an eminent and trustworthy authority upon all questions relating to the several branches of insurance, it occupies a position of acknowledged pre-eminence, and no business man who truly appreciates the importance of safe insurance can afford to be without it. The information which it gives affords the only reliable popular means of reaching a correct estimate of the relative credit and standing of companies.

The Spectator is, of course, an invaluable publication for insurance agents and insurance stockholders and directors. But it has a large circulation among other classes of business men, especially among banks and bankers, who are beginning to experience intimately the want of its valuable information.

The Spectator is one of the most beautiful publications in the United States. Every number contains 100 quarto pages, printed in the most faultless and elegant style of typography.

The Lafayette Dispatch

IS THE ONLY DAILY DEMOCRATIC PAPER PUBLISHED IN NORTHERN INDIANA.

AND IS THE

OFFICIAL PAPER OF THE CITY AND COUNTY.

The city is a large railroad and manufacturing, as well as commercial center; having houses that do a million dollars' worth of business per year. The **Dispatch** is the only two-cent paper published here, and has, of course, the largest circulation on account of its low price, and from the fact that it represents the political views of the majority of the people, while two other papers divide the rest of the patronage of the people between them. An excellent medium for advertisers. Address the proprietor, **JOHN C. DOBELBOWER, Lafayette, Indiana.**

The Osceola Democrat.

Four pages; size 28x42; circulation thirty-three quires, or 792 copies; no more nor less, nor on either side of that number at present, but is fast being more. **Advertising Rates:** \$80 per column; \$40 for one-half col.; \$25 for one-quarter col.; \$15 for one-eighth col.; cards 88. and no deviation under ordinary circumstances.

Advertisers will find it the only means of communicating with the Democratic readers out this way, either east or west, for a distance of nearly 100 miles. All favors will be given conspicuous places by routine, and bills sent promptly at the end of each quarter.

SELMA is located on the Alabama River, in the very center of the finest cotton belt in the world, and has six trunk lines of railway diverging from her and tapping a country famous for its productiveness. Her trade, already large, with her cotton receipts the past year aggregating ninety thousand bales, is steadily increasing, and her prospects are brighter than those of any city in the South-West. The Times circulates largely in some thirty counties that trade with Selma, and offers inducements to advertisers equaled by no journal in this State.

The Times is Democratic in sentiment, but is strictly independent in its course, and not controlled by rings or cliques. To the PEOPLE, whose organ it is, it looks for countenance and support. It already has the largest circulation of any interior paper in the Gulf States, and it is rapidly increasing. It is the best advertising medium in the South.

In fact, it is the best Family Paper published, and its past success is proof that it is THE PAPER for every home in the land.

SATURDAY NIGHT has reached such a height of success that eight large cylinder presses are kept constantly running day and night to supply the enormous demand for this Family Journal.

AND THIS!

"The most successful of all the Eastern literary weeklies is undoubtedly SATURDAY NIGHT. Its growth in popularity is one of the marvels of latter day journalism, and there is reason to believe that SATURDAY NIGHT has a circulation greater than that of any other paper in the country."—*Chicago Republican*, August 13, 1871.

"SATURDAY NIGHT is the popular Story paper of Philadelphia, being to that city what the *Ledger* is to this. It is illustrated, and has some of the best Story, Sketch and Poetical Writers of the day. It is very popular, being first-class, and has an immense circulation."—*New York Globe*, Aug. 26, 1871.

"Among the popular weekly Story papers, SATURDAY NIGHT is one of the best. It has grown within two or three years into an immense circulation, which is constantly increasing. The Stories in SATURDAY NIGHT are always interesting, and never immoral in their tendency."—*New York Sun*, April 1, 1871.

"SATURDAY NIGHT has monopolized nearly all the good writers of the country, and bids fair to monopolize all the readers also. Its present circulation is about 250,000. SATURDAY NIGHT will long remain a monument to the industry and ability of its publishers."—*New York Daily News*.

Kellogg's Inside Track List!

PRINTED AT 63 AND 65 S. CANAL STREET, CHICAGO.

AND COMPRISING OVER 300 WESTERN WEEKLY NEWSPAPERS,

SITUATED ABOUT AS FOLLOWS:

In Illinois,	80	In Michigan,	30	In Ohio,	25
" Indiana,	10	" Minnesota,	15	" Wisconsin,	30
" Iowa,	10	" Missouri,	20	" Other States,	30

This List comprises a large proportion of the best Western Country papers, superior in character, circulation and influence to those of any other List.

Rates: Ordinary advertisements, \$3.00 per line of space of Agate type. Special Notices, before Markets, one-quarter extra. Notices in reading matter, one-half extra.

☞ Advertisements will be published at stated intervals, if desired—that is, every second, third or fourth week, without extra charge.

ADVANTAGES.

1st—PROMINENCE OF THE ADVERTISEMENT.	6th—ONLY FOUR CUTS WANTED, INSTEAD OF THREE HUNDRED.
2d—FREEDOM FROM ERRORS.	7th—SAVING IN CORRESPONDENCE.
3d—NEATNESS OF TYPOGRAPHY.	8th—PROMPTNESS OF EXECUTION.
4th—CLEARNESS OF PRESS-WORK.	9th—CERTAINTY OF EXECUTION.
5th—RESPECTABILITY OF ADJOINING ADVERTISEMENTS.	10th—IMMENSE SAVING IN COST.
11th—NO EXTRA CHARGE FOR THE INSERTION OF CUTS.	

ASTONISHING CHEAPNESS!

The undersigned hesitates not to say that these rates are the LOWEST EVER YET OFFERED FOR the same amount of publication. It costs an advertiser LESS to order through us ONE MONTH than to advertise one week in these papers in any other manner.

Should the advertiser employ a cut or electrotype plate, the advantage is still more manifestly in our favor, as we require not one cut for EACH paper, but only four for them all.

Suppose an advertiser desires to have a two-inch advertisement, consisting of a plate or cut, inserted in the old way, it would cost him for, say 300 papers, for a single publication:

300 cuts, at say 50 cents.	\$150 00
Postage or expressage on same.	150 00
Charges of the papers, say \$1.50 each.	450 00
Correspondence and postage, say 10c. each.	30 00
Total,	\$780 00

This amount would pay for the same advertisement, on our plan, for TEN WEEKS, instead of one (as above reckoned), or would pay for a ONE-COLUMN advertisement one insertion, instead of one of TWO INCHES.

The Chicago *Tribune*, Feb. 12, 1871, says: "One house in this city is reported to supply the almost incredible number of 260 papers with printed sheets for their entire circulation. We refer to the Auxiliary Publishing House of A. N. Kellogg, who originated the plan in this country, unaware, at that time, that it was already known in England. Such is the marvelous economy of the system, that this house offers to insert advertisements in the papers which it prints at less than one cent per line for each paper. Under the old method, a ten-line advertisement would cost the advertiser about \$250, or perhaps \$400, if he used a cut for illustration; under the new method, it costs him only \$35, with or without a cut!"

Advertisers can reach the readers of these papers only through this List, except at rates at least three times those we charge.

Merchants, manufacturers, inventors, real estate owners, those wanting farms, implement-manufacturers, seedsmen, dealers in plants, dealers in stock, bankers, school teachers, and all others who desire to secure patrons and customers in any part of the West, will find it to their own manifest and great advantage to advertise in our list as a part of their regular expenses. Farmers always reckon on a certain number of bushels for *seed wheat*.

Parties ordering through this List not only save great labor and expense in correspondence, and in cuts, but also secure for their advertisements a gratifying neatness and clearness of printing, and for their orders great promptness and positive certainty of execution.

The country paper is taken by the best citizens of the country towns. The class who have most pride in sustaining a county paper are the best among whom to circulate your advertisements.

The limited amount of advertisements in the pages controlled by me in these papers makes every advertisement in them *more conspicuous*, and consequently *more valuable* to the advertiser.

In writing for an estimate, inclose a printed copy of advertisement, if possible, or state the space to be occupied, in inches or lines; also the number of times desired.

The LEGAL NEWS was first issued in October, 1868, but such has been its unparalleled success, that it is now taken in every State and Territory of the nation, and makes its regular weekly visits to the great mass of the bench and bar of the entire Union. The Legislature, in several acts, has provided that all laws and all decisions of the Supreme Court of Illinois printed in the LEGAL NEWS, shall be taken as *prima facie* evidence in all the Courts, and declared it to be a good and valid medium for the publication of all legal notices.

For books, booksellers, professional cards of all kinds, and sales, it is the best advertising medium in the North-west.

The Baxter Record.

As is well known, there is neither system, method, sympathy, common law, nor concert of action existing among the profession in regard to musical instruction; each proceeding according to individual fancy; the instructions being mostly of an arbitrary and traditional character.

The processes of Baxter University of Music are strictly philosophical and progressive; are at once so clear and simple, that a child will readily apprehend them, and yet so thorough and comprehensive as to commend them to every thinking mind, as thoroughly reliable.

The great need of such an educational system, has been too long and severely felt by every earnest student in music, to require argument here.

THE BAXTER RECORD was established to supply this need to the thousands who are engaged in the study of this most delightful, refining and elevating branch of modern education.

Forney's "Anecdotes of Public Men" are written for, and first appear in, THE WASHINGTON SUNDAY CHRONICLE. These anecdotes are extensively copied, and are everywhere spoken of as the most interesting papers of the kind ever published. R. S. Mackenzie and some of the best literary ladies at the national capital are regular contributors. Its corps of correspondents is large, and composed of talented and experienced ladies and gentlemen. It is an independent Republican journal, and speaks fearlessly upon all questions of national importance. It bows the knee to no clique or class. Fashion, art, literature, the drama, and music have all their departments in this newspaper. The Western Recorder

IS A LARGE RELIGIOUS WEEKLY JOURNAL.
 Published in Louisville, Ky., and Devoted to the Interests of the
BAPTIST DENOMINATION.

We call attention to the following facts:

1. That there are about one hundred and ten thousand Baptists in the State of Kentucky.
2. That the Baptists own a large portion of the wealth of the State.
3. That the great majority take no other paper than THE RECORDER.
4. That THE RECORDER circulates extensively in every part of Kentucky, and is distributed from every important post-office in the State.
5. THE RECORDER has also considerable circulation in the surrounding States, particularly the Southern.
6. We limit our advertisements in character, to the solid, legitimate, substantial, business interests of the country.
7. That THE RECORDER reaches forty to fifty thousand readers weekly.
8. That some of our advertising patrons inform us that THEY HAVE RECEIVED MORE BENEFIT FROM ADVERTISING IN THE RECORDER THAN FROM ALL OTHER PAPERS IN THE STATE.

ADVERTISE IN THE BEST.

The Northern Budget,

TROY, N. Y.

CIRCULATION, 7,000.

THE NORTHERN BUDGET, a Sunday Morning Journal, independent in everything, neutral in nothing, circulates largely in Troy, West Troy, Albany, Lansingburgh, Cohoes, Waterford, and Green Island, all of which places are accessible early Sunday mornings by horse cars. THE BUDGET also circulates largely in the villages to the north and east of Troy, and has no superior as an advertising medium to the north of Albany and east of the Hudson.

It is the largest paper in the City or County. It is the official organ of the City and County. It has the largest circulation in Troy of any newspaper. It is read by all classes, and by thousands who read no other paper. It is read more thoroughly than any other paper, for Sunday is the great reading day. THE BUDGET is the paper for that day for all this region.

THE BUDGET is a member of the Associated Press, receives the latest dispatches by telegraph, is widely read, and is a most acceptable Journal for the People. It will not admit to its columns any objectionable advertisements, and none such need apply.

OF

PUBLIC OPINION,

A WEEKLY COMPEND

OF THE SPIRIT OF THE AMERICAN AND FOREIGN PRESS.

The object of this publication is to present in a compact form the opinions of the leading journals of this country and Europe upon all subjects of general interest, and its contents will embrace extracts from the editorial utterances of newspapers of every section and of every party, thus giving its readers an opportunity to view the events and questions of the day from all standpoints, and to trace, from week to week, the course of "public opinion." Space will also be given for short reviews, or portions of reviews, of important publications, taken from the most prominent literary journals, and for a record of noteworthy events in the religious, scientific, literary and political worlds.

The value of such a publication will be at once apparent. To the professional man, to the busy merchant, to the farmer, mechanic and tradesman—to all, in a word, who would keep themselves familiar with the active thought of the day; but who have neither the means to procure nor the time to read many different periodicals, its broad comprehensiveness will make it always welcome, and the publishers feel confident that their undertaking will meet the prompt recognition and hearty support which it will be their effort to have it deserve.

Public Opinion is an octavo sheet of sixteen pages, clearly printed from new types and upon heavy paper, and will be issued upon WEDNESDAY morning of each week.

TERMS :

One year, 52 numbers,	\$3 00	Six months, 26 numbers,	\$1 50
Invariably in advance.			

ADVERTISING RATES :

THE ATTENTION OF MANUFACTURERS, DEALERS, AND IMPORTERS OF
 IRON, STEEL, HARDWARE, RAILWAY SUPPLIES, LUBRICATING OILS
 WHITE LEAD, & C.,

IS INVITED TO THE

Iron World and Manufacturer,

THE LARGEST
 METAL PRICE CURRENT IN THE WORLD!

The leading Journals of this Country and Europe recognize it as a Representative Paper of the American Metal Trades.

The publishers have, ever since this journal was established, employed the ablest correspondents and solicitors to be procured; expending more money for their salaries alone than the entire expenses of many prominent newspaper establishments. The annual sum paid for original matter exceeds *ten thousand dollars*. It contains more *manufacturing news* than any other journal published in the United States, and for this feature alone is worth more than its subscription price. Illustrations of machinery and railway appliances and other new inventions, add largely to its interest and value. The circulation of the *Iron World* is far greater than that of any similar publication in this country.

ACCURATE QUOTATIONS AND REPORTS OF THE LEADING HOME AND FOREIGN MARKETS.

The best Talent is employed, and in contents, Paper and Typographical Appearance, Second to None.

Located in the very center of the metal interests of the United States, with correspondents at the leading cities of the Union, we do not err in claiming that it is the *Representative Journal* of the Metal Manufacturers, Workers and dealers of this country. As a journal for machinists

and metal workers it has no rival, and contains every week the choicest selections from engineering, mining and scientific publications of this country and Europe. Its motto is "Progress," and it has compelled other journals of a similar character, to *follow in its lead*. Its readers comprise Iron and Steel Manufacturers, Machinists, Founders, Hardware Dealers and Tanners, Gunsmiths, Plumbers, Cutlery Manufacturers, File Manufacturers, Saw Manufacturers, Boilers Manufacturers and leading Railway officials.

ONLY \$4.00 PER ANNUM.

If you are in the metal trade, take a metal paper. It will save you more than its cost. If you are a manufacturer take the journal that advocates your interests.

ADVERTISE.

It is universally conceded that advertising is a necessity to success in business. It is also conceded, by the shrewdest business men, that **Newspapers** are the best medium for reaching the parties whose trade is desired. **The Iron World and Manufacturer** reaches more people engaged in the metal trades, than the *New York Tribune*, *Scientific American*, or any of the high-priced advertising mediums published in this country. The judicious advertiser will always seek the mediums that reach his trade; and advertising has been deemed unprofitable by many firms, who have received no adequate return, simply because they expended their money in the wrong channel. We have no hesitation in saying that our journal is the BEST medium in the United States for reaching the metal trade; and we will be happy at any time to furnish references to leading manufacturers in this city and elsewhere, who will testify to the fact that they have received orders for goods from parties who read their cards in the **Iron World**. In fact, many who have availed themselves of this medium, candidly say that its value exceeds that of all other journals in which they are represented.

NOTICES OF THE PRESS:

From a large number of notices from the press, we select the following:

[From the *U. S. Railroad and Mining Register, Philadelphia.*]

THE IRON WORLD AND MANUFACTURER, of Pittsburgh, comes to us as usual, full of excellent reading and indispensable trade statistics, reports of markets, new inventions, and advertisements, well illustrated and capably well printed. The columns on its second page present a weekly picture of the condition and prospects of the iron manufactures west of the Allegheny Mountains, and of the metal trade of the seaboard cities. This paper shows how to do one thing, and do it well. It does not fritter away its energies on collateral subjects, repeating what has been said by the daily press; and it succeeds therefore in its first design of supplying workers and dealers in iron with all the current news relating to that business. It is in this respect the iron organ of the country, and deserves the liberal patronage its advertising columns represent. Its editorials are fresh, intelligent, and free from prejudice, and its correspondents tell us the things best worth knowing about the iron establishments of the country.

[From the *Cincinnati Merchants' and Manufacturers' Bulletin.*]

A SUCCESSFUL NEWSPAPER.—We are pleased to note the evidences of success of the IRON WORLD of Pittsburgh. It is young, healthy and vigorous, and has vastly improved in appearance and tone during the past three or four months. It is now one of the most attractive business organs in the country. It is edited with marked ability, and, as its name implies, is devoted to the iron and metal interests of the country. Its market reports of metals, hardware, manufactures, &c., are very full, complete and reliable. It is paying it a high but merited compliment, to say that it is the leading organ of the iron and metal interests of the United States. Manufacturers and metal dealers everywhere should subscribe for the IRON WORLD AND MANUFACTURER.

[From the *New York Shipping and Commercial List, April 12, 1871.*]

The proprietors of the IRON WORLD AND MANUFACTURER, of Pittsburgh, by a liberal expenditure of money and untiring exertion, have made it a truly representative journal of the metal trades; and the manufacturers and workers in iron, steel, &c., in various parts of the country, would be derelict in duty not to recognize and amply reward such unwavering journalistic fidelity to their interests and concerns.

[From the *Scientific Press, San Francisco, Cal.*]

THE IRON WORLD AND MANUFACTURER comes to us a "representative of American metal manufacturers, workers and dealers." It is marked by vigor and freshness of editorials, excellent descriptions of manufactures, improvements and the like, and by the carefulness and accuracy of its market reports. It has the freshness of youth and the ripeness of age, and it is deservedly successful. It is issued by the IRON WORLD PUBLISHING COMPANY, Pittsburgh, Pa.

A GOOD ADVERTISING MEDIUM.

Advertisements are Limited to Four Leaves and One Cover Page.

CHARACTER OF ADVERTISEMENTS.—No advertisements are admitted which are not believed to be above question and of real value, and from parties so unquestionably reliable that the readers of the "Herald" will be safe in ordering them from any distance. To many thousand readers, the fact of its appearance here has all the weight of endorsement and authority.

TESTIMONY OF ADVERTISING PATRONS.

A gentleman whose advertisement has appeared several times the past year, says:

"I find the MISSIONARY HERALD one of the very best mediums for my advertisement. Its high standing and the character of its readers give it special value."

Another gentleman writes:

"We send copy of advertisement for the HERALD—order for four months. Would like it, if you can so arrange, on one of your pages for which twenty per cent. over ordinary rates is charged. Notwithstanding trade is so quiet, our sales the past month have exceeded a thousand dollars a day."

A business firm, whose advertisement has appeared in the HERALD every month the past five years, wrote, in sending their first order, as follows:

"We had come to the conclusion not to extend our advertising line any farther, but we look upon the HERALD as so superior a medium as to warrant us in changing our minds in the matter. If you please, you may insert our advertisement (copy inclosed) in the HERALD until forbidden."

At the close of the year, the same firm writes:

"Please reserve space for our advertisement in the MISSIONARY HERALD, on one of your best pages. We prefer paying the difference in price. I have been many years a reader of the HERALD, and having advertised in it several months, fully believe in it for our advertisement."

Another letter, at the termination of the last order, says:

"I thank you for the opportunity to continue my advertisement. I know from experience that I have a good medium. Continue another year."

The President of a Life Insurance Company, which has been frequently advertised in the MISSIONARY HERALD the past two years, says:

"I regard the MISSIONARY HERALD as one of the very best mediums for our advertisement. Its circulation is peculiarly good."

"NEW YORK, April 3, 1871.

"PUBLISHER OF MISSIONARY HERALD:—

"Dear Sir—Having used the advertising pages of the MISSIONARY HERALD several months, we desire to say that we have found it an excellent medium for our advertisement; in confirmation of which, we inclose half a page for the coming year. We shall not fail to recommend these pages to our friends.

MANCHESTER, N. H.,

Is the fifty-fifth city in population in the United States, according to last census—larger than any other two cities in New Hampshire. It is fifty-two miles from Boston, and is devoted to manufacturing. It makes over ONE HUNDRED MILES of cloth, cottons, and woollens, ten thousand pairs of hose, and ten thousand meal bags each day; ten locomotives a month; steam fire engines, and the various products of wood, copper, iron, and steel in large numbers. Its pay-roll for labor alone is over ONE-QUARTER OF A MILLION DOLLARS a month. To be more exact, the several manufacturing establishments employ 9,860 persons, and the monthly pay-roll is \$295,400. THE PREMIUM WEEKLY NEWSPAPER IN GEORGIA!

GOLD MEDAL AWARDED 1871.

PUBLISHED WEEKLY. AT FORSYTH, GA.

Has a large Circulation in the Counties of Monroe, Butts, Pike, Upson, Jasper, Jones and Crawford, and a general circulation throughout the State.

ADVERTISING RATES REASONABLE.

OPINIONS OF THE PRESS:

THE MONROE ADVERTISER is one of the ablest and handsomest of our country exchanges.—*Troy (Ala.) Messenger*.

THE ADVERTISER is a paper eminent for its intelligence, energy, industry and popularity. An excellent newspaper, and a credit to the county of Monroe.—*Macon Telegraph*.

One of the very best of our weekly exchanges. It is intelligent and industriously edited, and very popular in Middle Georgia. Merchants who wish to reach a large and intelligent class of farmers and planters, will find THE ADVERTISER an excellent medium.—*Savannah Rep.*

THE MONROE ADVERTISER.—This is one of the largest, neatest and most readable of all the weeklies received at this office. It circulates extensively in a well-to-do section of country, and seems to be substantially appreciated.—*Macon Journal and Messenger*.

THE MONROE ADVERTISER.—There is no better weekly paper in the State, while there are not many to equal. It is one of the best advertising mediums through which the merchants of this city may reach the planters of the most populous section of Middle Georgia.—*Atlanta Constitution*.

Among the many weekly papers published

in Georgia, the one that comes nearest to what we deem a correct standard is THE MONROE ADVERTISER, published at Forsyth. In the first place, it is an enterprising news-gatherer, and devotes much time and space to local and county news. Its editorial matter evinces unusual sprightliness and wit, verging frequently on the caustic, but never on the offensive. Its selected matter is culled with great care obviously with the idea of making it an acceptable family paper. Some others of our weekly exchanges, in and out of Georgia, would be improved by taking THE ADVERTISER as a model.—*Atlanta Daily Sun*.

THE ADVERTISER is known far and wide as the best weekly in Georgia. It is edited with industry, is handsomely supported, and is, altogether, the best country weekly in the State—which is saying a good deal. It is printed in the wealthiest portion of the State, and merchants and business men will do well to take advantage of its columns to push their interests in that prosperous section.—*Savannah News*.

THE MONROE ADVERTISER, published at Forsyth, Ga., is a real gem, beautiful in its typography, and exhibiting in its general "make up" evidences of indefatigable industry.—*New Monthly Magazine*, Nashville, Tenn.

For Everybody.

A NEW ILLUSTRATED MONTHLY PAPER,

PUBLISHED BY

HENRY H. SAGE, 26 ALLEN ST., BUFFALO, N. Y.

CIRCULATION A LITTLE OVER FIVE THOUSAND AND RAPIDLY INCREASING.

TO ADVERTISERS.

† This is my first Advertising Prospectus, for I started my paper with a determination not to solicit advertisements from abroad, until I could offer such inducements as would be certain to make it to the interest of my patrons to CONTINUE THEIR FAVORS after they had given my medium a trial.

I AIM FOR THE LARGEST CIRCULATION and the **highest advertising rates** of any paper in the country; but at present neither CLAIM the one or ASK the other, although, having facilities for extending my field which few if any other publishers enjoy, I can truthfully claim that my present small circulation is nearer to that **sought for and valued by shrewd advertisers**, than any paper issuing ten times as many, where the majority is sold by single numbers, and are OUT OF EXISTENCE in a week after they are sent from the press.

MY CIRCULATION IS TO REGULAR SUBSCRIBERS, and **the value of the Engravings I furnish, secures preservation** and binding, thus making mine a permanent medium, to be seen and read for years. The small space devoted to advertisements is a part of the paper itself, and cannot be detached when bound, which is the objection to magazine advertising, now such a favorite plan.

RATES TO AUGUST FIRST, 1872:

	1 month.	3 months.	6 months.
One inch,	\$4 00	\$10 00	\$16 00
Two inches,	7 00	18 00	30 00
Quarter col., (3¼ inches),	9 00	24 00	45 00
Half col., (6½ inches),	18 00	48 00	90 00

SPECIAL ARRANGEMENTS will be made for larger advertisements, but I do not wish to make contracts extending beyond August next.

No Extra Charge for Cuts, but I shall expect new and perfect Electrotypes, in order to preserve the neat appearance of my paper.

I Ask a Trial, with the full knowledge that if I carry out my promises, it will lead to further business at increased rates; while, if I fall back upon a reputation not yet too fully established, I shall lose your confidence and future favors.

Specimen Copies sent on receipt of Business Card, and all advertisers placed on my Free List so long as their advertisements are continued.

THE DISPATCH is published in a thriving frontier town in Western Texas, situated in the center of a beautiful and unsurpassable scope of country for Stock Raising, Manufacturing and Agricultural pursuits. The village is surrounded by unmistakable evidences of coal and valuable mineral deposits, which will lead to the development of important mining interests. With these advantages THE DISPATCH offers to business men a medium for advertising that is equaled by few journals in the State.

The Congregationalist,

A RELIGIOUS JOURNAL FOR THE FAMILY.

As a journal of wholesome, popular reading, it strives to be unsurpassed by any of its contemporaries, and in this day of unclean and pernicious literature would lead reform, not only by attack, but also by example. Embraced in its columns are: Stirring Editorials, Editorial Paragraphs, In Briefs, Poems, Sketchy Articles, a Sunday School Column, Washington Correspondence, New York Correspondence, Pilgrim's Chicago Letters, Missionary Intelligence, Educational Items, Scientific Items, Temperance and Health, a Literary Review, Literary and Art Items, Summary for the Week, Religious Intelligence, Other Denominations, Original Gleanings, Our Exchanges, an Agricultural Column, News from Abroad, Financial and Stock Quotations, a Business Article.

The constant aim is to give the CONGREGATIONALIST the highest rank as an **Outspoken, Wide-awake and Comprehensive Newspaper for the People.**

PRICE, \$3.00 PER ANNUM.

THE CONGREGATIONALIST is a first-class medium for advertisers, having a circulation larger than any paper of its denomination in the country. A liberal discount to large advertisers.

The Boston Recorder

Is now published as a separate paper, made up each week from the CONGREGATIONALIST, for the special accommodation of those who wish a small but first-class paper for a low price. Many pastors have taken a deep interest in its circulation, while in some cases benevolent individuals have ordered large numbers at their own expense, believing that no more useful or attractive reading for the family and for general circulation can be found. Here then, is

A LIVE PAPER FOR ONLY \$1.50.

The RECORDER has a circulation entirely distinct from the CONGREGATIONALIST, and is a good medium for advertisers, either separately or in connection with the CONGREGATIONALIST.

The **MUSEUM** is not one whit behind its more pretentious rivals in appearance, management, or merit—in nothing, in fact, but its *price*, which is only \$1.50 a year.—*Republican, Lyons, N. Y.*

Littell's Living Age

AS AN ADVERTISING MEDIUM.

I. The circulation of **The Living Age**, in all parts of the country, is among people of intelligence and of means to gratify their wants. II. Advertisements are limited to a very few pages. Each advertisement is therefore sure to be seen by every person into whose hands the magazine falls. III. The magazine is not destroyed as soon as read, but carefully preserved, and the advertisements are thus kept before the eye of the reader. IV. Nothing is intentionally admitted to the advertising pages of the magazine which is not of intrinsic merit, and special value is thus added to every advertisement to which this magazine gives circulation. For these reasons **The Living Age** is unequalled for the cost, as a medium for advertising New Publications; Colleges and Schools; Works of Art; Pianos and Church and Parlor Organs; Insurance Companies; Loans; Sewing Machines, and valuable Inventions, Manufactures and Merchandise of all sorts—whatever, in short, is of interest to the class of readers above mentioned. Considering the character of its circulation, and the other advantages offered, the rates of advertising in **THE LIVING AGE** are very low. The subscription price of **THE LIVING AGE** is eight dollars a year. Advertisers are entitled to a copy of every number in which their advertisement appears, free of charge. For rates, and other particulars, address, **LITTELL & GAY, Publishers,** 30 Bromfield St., Boston, Mass.

THE OLDEST, LARGEST, AND LARGEST CIRCULATED PAPER IN CENTRAL TEXAS.

The "Lone Star Ranger,"

AUSTIN, TEXAS.

THE TEXAS OR "LONE STAR RANGER,"

IS A FORTY-TWO COLUMN PAPER, GIVING A SUPPLEMENT OF FOURTEEN COLUMNS EVERY WEEK, AND IS FURNISHED AT THE LOW PRICE OF \$3.00 PER ANNUM, IN ADVANCE. THE CHEAPEST PAPER IN THE STATE.

The **Ranger** will be a strictly Family and Commercial paper; "independent on all subjects—neutral in nothing." In politics, we are individually, Democratic-Republican, as defined by Webster in his standard dictionary, our motto being—"Vox Populi, Vox Dei." Personal abuse will not be indulged in under any circumstances.

It is no ephemeral newspaper; it is one of Texas' permanent fixtures, "the same yesterday, to-day and for all time." It was established by its present proprietor in Washington, (the Capital of the Republic of Texas), in 1848, and destroyed by fire in November, 1852. It was immediately re-established, and its publication continued in Brenham and Navasota, until its removal to Austin.

The central location of Austin, its large and increasing business and population, and being the terminus of the Air Line Railroad, with its daily communication with Houston and Galveston, by the arrival and departure of two trains, are great inducements for business men to advertise in **The Ranger**. The cash terms for advertising in the weekly **Ranger**, that has a circulation in every county in the State, also in every Southern State, and the Commercial cities of the North, are reduced to the following scale of prices:

J. LANCASTER, Editor and Proprietor.

OPINIONS OF THE PRESS.

The following are a few extracts from some of the leading papers in the Union:

THE TEXAS RANGER.—The first number of this paper is just received. It is a handsome specimen of the typographical art, and is edited with much ability by Mr. Lancaster, late of the Mississippi press. We hope the paper will be a grand success, as its editor richly deserves it for his industry and perseverance. He is a Texan in every sense of the word. In his boyhood days he went to Texas, joined Col. Fannin's command, and engaged in the revolution, and was one of the few that escaped the Goliad massacre. He should be liberally patronized—he and his paper merit it. THE RANGER is a most excellent family paper, and advocates Democratic principles.—*N. O. Delta*, 1848.

THE TEXAS RANGER.—This is a new, large and handsome sheet, just started at Washington, on the Brazos; J. Lancaster, editor and proprietor. Its editorials evince great ability; and its typographical execution is not excelled in the "Lone Star State." We cheerfully enter it on our exchange list, and wish it a successful career.—*N. O. Picayune*, 1848.

THE TEXAS RANGER, a new and beautiful paper, published in Washington, Texas, by J. Lancaster, late editor of the Houston (Miss.) *Patriot*, is just received. He yet shows tact and talent in conducting his paper. We extend to him our hand, hoping he may realize a good share of this world's goods.—*Jackson Mississippian*, 1848.

The following are some of the notices given by the Texas press, after the resurrection of THE RANGER from the fire at Washington in 1852, at which time we bought out the "Lone Star," and incorporated it with the RANGER:

THE TEXAS RANGER AND LONE STAR, is now the title of the paper published at Washington. It has been enlarged and improved, and is one of the best papers in the State.—*Galveston Civilian*, 1853.

THE RANGER is again under the charge of J. Lancaster, Esq., and is published at Washington. The "never say die till you're killed" principle of Lancaster, will insure him the patronage of his old subscribers.—*Texas Baptist*, *Jan'y*, 1858.

TEXAS RANGER.—The last number of THE RANGER announces that it has just entered upon its tenth year. We hope the "aspiring blood of Lancaster" will keep it up another decade. We like THE RANGER, there is a dash of boldness and romance in it in keeping with its name.—*Houston Republic*.

FRATERNAL.—Yesterday we had the honor of a visit in our sanctum, from Capt. Joseph Lancaster, of THE TEXAS RANGER, published in the thriving little city of Navasota, on the Texas Central Railroad. Capt. Lancaster, and his excellent paper are both too well and favorably known to our readers to need a word of introduction or recommendation from us, but we may be allowed to say to those who wish to advertise, that they could not select a better interior journal for that purpose than the TEXAS RANGER.—*Galveston Dispatch*

THE OLDEST AND BEST.

It advocates a reform in the monetary laws. It advocates a reduction in the rates of interest. It advocates the repeal of the present national banking system. It advocates a change in paper currency. It protests against the payment of the five-twenty bonds in gold and the increase of the gold-bearing securities of the Government. It advocates the equalization of taxation among all classes. It advocates a reform in the tariff laws. It advocates the eight-hour system of labor. It advocates the prevention of Chinese immigration and the protection of the labor interest by legislative enactment. It advocates the assessment from the wealth of the country all money necessary for prosecuting wars. It advocates the holding of the public lands for the benefit of the people, and the granting of it free of cost in amounts not exceeding 160 acres to landless settlers, and protests against disposing of it to corporations or individuals. It claims that the treaty-making power of Congress has no authority to dispose of public lands without the joint sanction of both Houses of Congress. As an Advertising Medium among the industrial classes it has no superior.

This Journal is the only medium in the State through which Teachers, County Superintendents, Directors, and other friends of education may be generally reached. Its general circulation—going, as it does, into every school district in the State—renders it the most valuable advertising medium through which school directors especially may be influenced, it being sent by State authority to the Secretaries of over 2,100 School Boards, to all the County, City, and Borough Superintendents in the State, to the Secretaries of the Sectional Boards of the City of Philadelphia, and to the Principals of all the State Normal Schools and of the Soldiers' Orphan Schools, to the Examiners of Maryland, and the County Superintendents of New Jersey. Boards of Directors are also authorized by law to subscribe, at the expense of their respective districts, for a copy for each member, and hundreds of Boards are availing themselves of the privilege, thus securing it a field almost exclusively its own. The monthly edition of the PENNSYLVANIA SCHOOL JOURNAL is at present over 7,600 copies. An entire new dress of beautiful old-style type with the January number, 1872. The Kansas Farmer

FOR 1872—IN ITS NINTH YEAR.

It has met with unprecedented success in the history of American journalism, and stands to-day without a peer in the Western country. The KANSAS FARMER is devoted entirely to the interests of the producing classes. It seeks to advance the interests of Scientific Agriculture, at the same time endeavoring to make its teachings entirely practical. Its large circulation has placed it upon a sure foundation, and it can with propriety claim to be THE ORGAN of the producing classes of the Great West. It is the best Advertising Medium west of the Mississippi River. The KANSAS FARMER is purely original, and not made up of anonymous clippings. It sustains an Entomological Department, under the control of one of the best entomologists of the country. Its Veterinary Department is replete with information for those having sick or diseased animals, and is under the control of one of the most accomplished veterinarians of the day. Its Bee Department contains the reports of the State Bee Association, and regular contributions from the best apiarians of the West. In a word, it contains information for all, and no farmer or gardener can afford to be without, what an exchange calls "The Queen of the West." The KANSAS FARMER is published on tinted book paper, on the 1st and 15th of each month, and sent to subscribers at the following rates: Single subscriptions, \$1.50 a year; 5 copies, \$6; 10 copies to one address, \$10.

OPINIONS OF THE PRESS.

"OURS" ILLUSTRATED, the Providence illustrated monthly, is winning golden opinions on all sides. It is well illustrated, finely printed and ably edited. The publishers understand their business thoroughly, and such men always have the support of the public.—*Providence Evening Press.*

A thing of beauty and a joy forever. The typographical appearance is irreproachable.—*Providence Journal.*

Success to "Ours."—*Providence Weekly Gazette.*

Col. Freeman, after speaking of the contents favorably, says: "As this is the only illustrated first-class paper published in New England, it should receive a liberal support." The publishers are men of energy and pluck, as well as ability.—*Central Falls Visitor.*

We confess our admiration of its typographical beauty, and also our desire for its complete success. If Rhode Island does not give it a generous support we shall be ashamed of her.—*Woonsocket Patriot.*

The Messrs. Webb know what they are about "every time."—*Morning Star.*

We find so many articles of interest and value that we hardly know where to leave off perusing. Ridiculously low priced.—*Journal Recorder, West Meriden.*

"OURS" ILLUSTRATED is gorgeous with fine cuts, and type throughout its other pages. In parentheses we should add that "Ours" is providentially provided by Providence, R. I.—only "divine," as the ladies would say, in contents and get up.—*State Sentinel, Trenton, N. J.*

"OURS" ILLUSTRATED, for February, is an elegant number. Elegant in its illustrations and elegant in typography. It may be examined at our office, and we cheerfully recommend it as the only first-class illustrated newspaper published in New England. The present number,

among its many good things, contains an excellent likeness of Hon. Rowland G. Hazard.—*Rhode Island Pendulum, East Greenwich.*

"OURS" ILLUSTRATED, for February, is an elegant number, and contains some finely finished engravings. The most noticeable represent the two most noted personages in the famous Passion Play of Ober-Ammergau—Christ and Judas. Such a periodical as this is a credit to any State, and should receive the support its merits demand. Providence may well be proud of "OURS" ILLUSTRATED.—*Warren Gazette.*

Without a desire to flatter, we can say that "OURS" ILLUSTRATED is in every particular one of the best and most attractive of our numerous exchanges. It is well edited, handsomely printed, on fine paper, and filled with pleasing illustrations.—*Loomis' Musical and Masonic Journal.*

"OURS" ILLUSTRATED is one of the most beautiful specimens of printing we have met with. The paper, the arrangement of the contents, and the general "make up" of the journal is such as to give pleasure to any printer, while its contents will gladden the heart of every person who has the good fortune to secure a copy.—*Sunday Morning Republic, Philadelphia, Pa.*

"OURS" ILLUSTRATED, the new Providence journal, is an institution of which every New Englander, whether at home or abroad, may well feel proud. Our Washington news-dealers should keep supplied for the sake of their city customers who hail from "down East." We wish for "OURS" the harvest of success which it merits.

This new journal is handsomely printed, on tinted paper, from clear and beautiful type, and represents in all its mechanical appointments the best features of the art of letter-press printing. Its illustrations are excellent in design and finish.—*Washington Chronicle.*

It is the aim of the publishers to present a paper having the

FINEST ILLUSTRATIONS THAT CAN BE PRODUCED.

The Week.

A RESUME OF CURRENT OPINIONS, HOME AND FOREIGN.

The Week is made up weekly from the cream of home and foreign journalism, and presents a copious and accurate *resumé* of current opinions in Politics, Society, Religion, Literature, Science, Art, Music and the Drama, and all other topics discussed by the Press. It is different in character from any other paper published in America.

The Week commends itself especially to advertisers for the following reasons:

1.—It must of necessity find its patrons among the cultured, refined and wealthy classes; it reaches only those who have the disposition and the means to buy, and being not less valuable for permanent reference than for current reading, it is not likely to meet the fate of the ordinary daily and weekly journals. For trade, book, or insurance advertising—in fact, for all enterprise, especially addressed to the wealthy and cultured classes, it is no exaggeration to say THAT ONE COPY OF **The Week** IS EQUALLY VALUABLE WITH FIVE COPIES OF THE ORDINARY WEEKLY PRESS.

2.—Its circulation (15,000 copies), is *bona fide*, no large exchange list or gratuitous distribution.

LIBERTY—HER FRIENDS, OUR FRIENDS; HER ENEMIES, OUR ENEMIES.

The Irish Republic.

THE ONLY IRISH REPUBLICAN JOURNAL IN THE UNITED STATES.

Read What is Thought of This Journal:

"There are few abler weekly journals published in this country than THE IRISH REPUBLIC."
—*Horace Greeley.*

"I believe the paper is doing the Republican cause great good in any country, and that in no way can we permanently help ourselves more than by doing something for its circulation."
—*Hon. Walter Harriman, ex-Governor of New Hampshire.*

"THE IRISH REPUBLIC is an ably-conducted paper that is doing good service in many parts of the country. It is important that this paper should be widely circulated among the Irish citizens of Pennsylvania, I therefore recommend it to your favorable consideration."—*John W. Geary, Governor of Pennsylvania.*

Hundreds of such endorsements could be published highly laudatory of the ability and usefulness of this journal. We refer, by permission, to Ex-Governor Hays, of Ohio; Hon. J. G. Blaine, Speaker of the House of Representatives; Ex-Governor Chaffin, Massachusetts; Judge C. Baldwin, Supreme Court, Iowa; Hon. D. I. Morrell, Pennsylvania; Senator Sprague, Rhode Island.

The Irish Republic is independent in all things, neutral in nothing.

Brooklyn Daily Eagle.

34, 36 and 38 Fulton Street.

BROOKLYN, N. Y.

Brooklyn has now a population of over 400,000, and Long Island of nearly three-fourths of a million. The EAGLE was established when Brooklyn was but a village. It has been the only organ to advocate its interests. It has in turn shared the city's prosperity, and has secured an influence second to no journal in the country.

ITS CIRCULATION IS LARGER THAN THAT OF ANY OTHER EVENING PAPER
IN THE UNITED STATES.

Independent in politics, its specialty is in carefully presenting the local interests of every class, organization and neighborhood upon the Island. New York papers can not do this without sacrificing country subscribers.

Advertisers who desire to reach this immense and compact population, equal to that of all the Pacific States, can only do so through the EAGLE.

Advertising is worth so much per 1,000 circulation. The EAGLE gives four times more circulation for the same money than is given by any other first-class journal in New York, San Francisco, New Orleans or Boston. It has reading matter upon each page.

ADDRESS

A. J. AIKENS, 13 Park Row, New York.

PHOTO-LITHOGRAPHY,

Phototyping, Electrotyping, Stereotyping.

I beg to draw the attention of Publishers to the facilities I possess for executing orders in any of the above branches.

In **PHOTO-LITHOGRAPHY** I can reproduce, at very moderate cost, in a perfect manner, and without ever failing, any original Maps, Plans, Designs, &c., drawn in lines with pen or brush; Old Manuscripts, Pen and Ink Sketches, Books, Prints from Steel or Copper-plate Engravings, Illustrations of any kind, Music, &c., &c., in any quantity, and of any size.

My reproductions of Steel Engravings are especially beautiful, and I can furnish copies of any Line Engraving, by hundreds or hundred thousands, at fabulously low prices. For presentation plates to subscribers, newspaper proprietors will find nothing to surpass these for beauty and cheapness combined.

In **PHOTOTYPING** I can furnish raised-line Engravings, by the **Leggotype** process, of any subject, whether original or printed.

In **ELECTROTYPING** and **STEREOTYPING** I can furnish Plates, of very superior quality and finish, at prices (including composition from MS. or printed copy) much lower than can be quoted by any one in the United States; delivering the plates at any given point, duty and freight prepaid, at a given sum per page.

Estimates for orders in any of the above branches furnished on application.

State Rights, or Exclusive Rights for the whole of the United States, are offered for sale on the following Inventions, patented in the United States:

1st. LEGGO'S GRANULATED PHOTOGRAPH, by the aid of which Photographs from Nature, from Mezzotints, Paintings, Drawings, &c., may be transferred to stone and printed in the same manner as ordinary lithographs, with all the softness and fidelity of the original photograph.

2d. LEGGOTYPING, a method of producing **Photo-Electrotypes** in a cheap but satisfactory manner.

3d. LEGGO'S PATENT CAMERA, by which the difficulties of **Architectural Photography** are removed, enabling the operator to produce invariably, and from any position, **parallel perpendicular lines**.

4th. LEGGO'S IMPROVED METHOD OF Moulding Electrotypes, and **LEGGO'S PATENT BACKING PAN**, both of which are important economizers of labor, and contribute materially to the production of perfect plates.

Books for Printers.

Geo. P. Rowell & Co. will send at **Publishers' Prices**, according to the edition and binding required, all **Books** that may be needed for the **use of Printers or Publishers**; or will forward to editors any of the imported

BOOKS, MACAZINES AND PERIODICALS,

which are sent regularly to the United States. It has been observed with justice, that considering the importance of the business, and the large number of intelligent persons engaged in it, there are, probably, fewer of its **Trade Publications** sold than any other. This should no longer be the case. For our own part we will do all we can to further the dissemination of the knowledge so much needed, by removing one cause of a difficulty which has hitherto existed—ignorance of the fact that many of those works offered for **Printers' Use** are in the market at all. Publishers, the very men who should be aware of the value of printers' ink, have not in most instances advertised these works; and where they have done so, have advertised them very injudiciously. A printer has little time for general reading, and confines his attention mostly to those periodicals which are published in his own interest, and relate to his own business.

The following works of special interest to the profession, including editors, publishers, printers and others, will be sent at the prices named:

- Menamin's Encyclopedia of Printing, 1871.**—No printing office should be without this work. It is a complete and accurate compilation of all matters of interest and value in the printer's art, so arranged that they may be referred to at a moment's notice. All who wish to be thoroughly acquainted with the art of printing should have it. Price cloth, \$10.
- American Newspaper Directory for 1871.**—Containing the names of all newspapers published in the United States, and a gazetteer of all cities and towns in which newspapers are published. Price, cloth, \$5.
- American Newspaper Reporter.**—Being bound numbers of the REPORTER for six months. Cloth, \$4.
- Wilson's Treatise on Punctuation.**—Last revised edition of 1871, containing complete rules for punctuation, proof-reading, etc. Printed in the best style, on tinted paper. Cloth, \$2.
- Printers' Price List**—THEO. L. DE VINNE.—One of the best books of the year, and unique in giving all the necessary data by which calculations and estimates should be made. Price, cloth, \$4.
- The Typograph**—O. H. HARPEL.—A valuable book to all printers, as giving examples of the latest styles in job and ornamental work and specimens of tasteful composition. Cloth, \$5.
- Paper and Paper-Making**—MUNSELL.—A full chronological statement of the rise of paper-making in this country, an account of the articles used in its manufacture, and sketches of its early history. Cloth, \$2.
- Life of Gutenberg and Art of Printing.**—A history of the father of the modern art of printing, and a full account of his life and efforts. The story is told in pleasing style, and contains matter of great interest to all in the profession. Cloth, \$2 00.
- Benjamin Franklin.**—This is his autobiography, and will be found full of interest and instruction to young and old, inside and outside of the profession. Cloth, \$1 25.
- The American Printer.**—One of the best hand-books which has yet been given to the trade. Its information is full, concise and accurate. Cloth, \$1 50.
- Wonders of Engraving.**—Those who wish to master the artistic features of the art of engraving, will find here its history illustrated, with examples from the best engravers, with explanations of styles, etc. Cloth, \$1 75.
- American Newspaper Reporter Binder.**—The cleanest and most convenient binder yet introduced. The covers are a complete protection to the papers, and hold them securely. Price, \$1.
- Whateley's Rhetoric.**—A summary of the rules of rhetoric, containing rules to govern all cases, and examples of what should be avoided by those who aim to be good writers. Cloth, \$1 75.
- Towler's Grammar of Composition.**—Giving the rules which should govern writers in composition, and pointing out the errors most frequently adopted by those who are careless or ignorant. Cloth, 75 cents.
- Trench on the Study of Words.**—Showing the nicer distinctions and meanings between important words in common use. Cloth, \$1 25.
- Munson's Complete Phonographer.**—A full and perfectly reliable method of phonetic short hand. Cloth, \$2.
- Allibone's Dictionary of Authors.**—Containing short sketches of the authors of all ages. 3 vols. Sheep, \$15.
- Webster's National Pictorial Dictionary.**—The most convenient edition in use. Sheep, \$5.

The above are publishers' prices. The books will be sent by mail or by express, as the size of package may make most desirable, the expense of forwarding being charged to the purchaser.

☞ All regular publications not designated above will be purchased and forwarded at publishers' prices.

THE ANSON HARDY

Improved Card Cutters.

The Rotary Knife is moved by rack and pinion, together with running on a flat beam, which keeps the knife always up to its work; it enables this machine to be used for cutting the heaviest cardboard with perfect ease and rapidity.

It also has a drawer to catch the stock when cut; all of these points make this machine a very desirable one for those using heavy stock.

It has also the Combined Iron and Wood Table, and the all-steel knives.

Size, 14 inches, in clear.	\$30 00	Boxing, \$1 00.
“ 28 “ “	38 00	“ 2 00.
“ 30 “ “	45 00	“ 2 00.

The above-named machines are manufactured in the most thorough manner, and of the best material.

Each machine is fully tested before sending out, and packed in the most secure manner for transportation to any part of the country.

A Large Stock is constantly on hand.

GEO. P. ROWELL & CO.,

41 Park Row, New York.

HARDY'S IMPROVED RUGGLES CARD CUTTERS.

These machines are the well-known S. P. Ruggles machines, to which have been applied improvements for operating the rotary knife, with the string on the back of it, leaving the front entirely clear from all obstructions, to see and handle the sheet while being cut.

This machine is superior to any other, from the fact of its having both the rotary and straight knives, *all steel*.

The 30-in. has the Combined Iron and Hard Wood Table, which makes the machine stronger and better; while the 25-in. machine has an iron bed.

The improvements have given to these cutters a renewed popularity, and increased their favoritism among their old patrons.

GEO. P. ROWELL & CO.,

41 Park Row, New York.

Newly Improved Iron Frame Paper Cutter.

With late improvements this is by far the best machine which can be obtained for a less price than one hundred dollars. It is thoroughly braced and bolted in a manner which secures great strength and firmness. Is the only machine to which is applied

THE BICELOW PATENT

for moving the cutting board or table by gears, by which means a pile of paper may be cut into smaller ones without the liability of getting out of jog. The table is parallel with the beam, thereby securing a true cut with absolute certainty.

PRICE LIST.

To cut 28 inches (Printers' Favorite)	\$50
" 30 "	60
" 33 "	70
" 36 "	75

Boxing, 75 Cents.

Two knives—all steel, of best quality—and squaring board with each machine.

Ruggles Cutter, Wood or Iron Frames.

The Patents having expired for these well-known machines, they are now offered for sale by several firms, and are frequently represented as identical with the newly improved cutter. Purchasers will observe that this machine is made

Without the Bigelow Patent for moving the Table,
as is every other low-priced machine now on the market.

PRICE LIST.

To cut 28 inches,	\$12
“ 30 “	50

Boxing, 75 Cents.

The cost of the Ruggles Cutters on Iron Frames being no more than the wood frames, while the former are in many respects preferable, machines with iron frames will be shipped in every instance unless a wood frame is specially ordered.

Two knives—all steel, of best quality—and squaring board with each machine.

GEO. P. ROWELL & CO.,

41 Park Row, New York.

THE EUREKA POWER PAPER CUTTER.

The Cheapest, Most Reliable, Strongest and Simplest Machine ever Invented.

CUTS THIRTY INCHES.

PRICE, \$225.00.

BOXING, \$5.00.

Is worked by a lever, so is more rapid than any wheel machine for hand-power.

The knife has the sliding motion, by that means always insuring a true and smooth cut. The Table is ruled off with two sets of parallel lines at right angles with each other; also has a rule both front and back of the knife, which, together with the back and side gauges, make it not only a simple, but absolutely perfect arrangement for guiding and squaring the paper.

The back gauge is moved and set by wheel in front of table.

New adjustable boxes for regulating knife-bar.
